OFFICE OF PETITIONS

In re Application of :
Nishino et al. :
Application No. 10/533,183 : LETTER REGARDING
Filed: April 28, 2005 : PATENT TERM ADJUSTMENT
Attorney Docket No. 5404/104 :

This is in response to the "REQUEST FOR REVIEW OF PATENT TERM ADJUSTMENT," filed October 10, 2008. Pursuant to their duty of good faith and candor to the Office, applicants disclose that the initial determination of patent term adjustment pursuant to 35 U.S.C. 154(b) of 403 days may extend the term of the patent by too many days.

The request for review of the patent term adjustment is **GRANTED**.

The Office has updated the PAIR screen to reflect that the correct Patent Term Adjustment (PTA) determination at the time of the mailing of the Notice of Allowance is three hundred thirty-seven (**337**) days. A copy of the updated PAIR screen, showing the correct determination, is enclosed.

On September 5, 2008, the Office mailed the Determination of Patent Term Adjustment under 35 U.S.C. 154(b) in the above-identified application. The Notice stated that the patent term adjustment to date is 403 days. Applicants do not state a basis for their disclosure that the patent term adjustment may extend the term by too many days.

Nonetheless, a review of the application history confirms that the initial determination of patent term adjustment is incorrect. An additional period of reduction of 66 days should have been entered. 37 C.F.R. § 1.704(b) provides:

With respect to the grounds for adjustment set forth in §§ 1.702(a) through (e), and in particular the ground of adjustment set forth in § 1.702(b), an applicant shall be deemed to have failed to engage in reasonable efforts to conclude processing or examination of an application for the cumulative total of any periods of time in excess of three months that are taken to reply to any notice or action by the Office making any rejection, objection, argument, or other request, measuring such three-month period from the date the notice or action was mailed or given to the applicant, in which case the period of adjustment set forth in § 1.703 shall be reduced by the number of days, if any, beginning on the day after the date that is three months after the date of mailing or transmission of the Office communication notifying the applicant of the rejection, objection, argument, or other request and ending on the date the reply was filed. The period, or shortened statutory period, for reply that is set in the Office action or notice has no effect on the three-month period set forth in this paragraph.

A final Office action was mailed on March 17, 2008. Applicants took until August 22, 2008, three months and 66 days later, to file an amendment in compliance with §1.113(c) in response. Accordingly, pursuant to 37 CFR 1.704(b), a period of reduction of 66 days should have been entered.

In view thereof, the correct patent term adjustment at the time of the mailing of the notice of allowance is three hundred thirty-seven (337) days.

As this letter was submitted as an advisement to the Office of an error in Applicants' favor, the Office will not assess the \$200.00 fee under 37 CFR 1.18(e). The Office thanks Applicants for their good faith and candor in bringing this to the attention of the Office.

The application is being forwarded to the Office of Data Management for issuance of a patent. The patent term adjustment indicated on the patent (as shown on the Issue Notification mailed about three weeks prior to patent issuance) will include any additional adjustment accrued both for Office delay in issuing the patent more than four months after payment of the issue fee and satisfaction of all outstanding requirements, and

for the Office taking in excess of three years to issue the patent (to the extent that the three-year period does not overlap with periods already accorded).

Telephone inquiries specific to this matter should be directed to the undersigned at (571) 272-3219.

A handwritten signature in black ink, appearing to read "Nancy Johnson", is written over the typed name.
